

HADLEY GIVES HIS POSITION.

Missouri Governor Defends Republican Party.

Says It's No More Sectional Than in Lincoln's Day.

Commends Progressiveness as Evidenced by Platform.

[By Federal (Wireless) Line to The Times.]
NEW YORK, Aug. 13.—[Special Dispatch.] Gov. Hadley of Missouri, in an article which will be printed in Leslie's Weekly Thursday morning, tells just why he refuses to join the Bull Moose herd and will remain loyal to the Republican party.

Gov. Hadley says in part:

"While I was an active supporter of Col. Roosevelt in the Chicago convention, I have not deemed it advisable to join him in efforts to form a third party. The reasons urged by those who have joined in this movement are that the Republican party is a sectional party; that it has outlived its usefulness; and that it is not in accord with the progressive spirit of the day, on account of the fact that its machinery is in the control of men who are either conservative or are the representatives of special interests."

"The Republican party is no more sectional today than it was in the days of Abraham Lincoln, U. S. Grant, James A. Garfield, William McKinley and Theodore Roosevelt."

"The only force in this argument is in the South, where the party is largely an office-holders' organization, it is easier for splits and for those who use the party for the achievement of selfish purposes to dominate and control it. The question, therefore, is whether the Republican party is dominated by those who represent special interests, and as to whether it is a more difficult task to free the party from their control than it is to organize a new party and through it secure control of the government."

PARTY STILL USEFUL.

"Notwithstanding the record made, I have been unwilling to concede that the Republican party has ceased to be a useful agency of good government. And I believe that the success of progressive principles can be more effectively accomplished through the Republican than by the organization of a third party."

"Assuming the truth of all that has been charged against the National Committee, such an abuse of authority has not occurred before, and the fact that it occurred this year does not mean that it will occur again. At all events the acts of a few men in unfairly using party authority for the achievement of political results can hardly be said to be a just basis for the destruction of a party organization. Those who are thus justifying their action in leaving the Republican party and joining in the formation of a new party must of necessity realize that the same conditions of which they complain in the Republican party may arise in any party that is formed."

NO "CORNER" IN HONESTY.

"What assurance have those who join in the formation of a new party that four years from now the members of the National Committee of that party will not use in some unfair way, their authority as delegates selected in favor of some candidate for the Presidency? No party can claim for itself a monopoly of honest men, and no party can make itself proof against dishonest, selfish or designing men securing positions of power or authority therein."

"And I cannot but believe that it is more difficult to drive men who would resort to unfair methods out of the positions of authority in the Republican party than to keep them out of a new party. At all events, I prefer to make the shift before abandoning a party which has such a splendid record of public service to its credit."

COMMENDS PLATFORM.

"I have further felt that the platform adopted by the Republican convention this year shows that the Republican party as it now exists is not a reactionary organization. While there were a number of planks that I should like to have seen adopted the platform as a whole is the most progressive platform ever adopted by our party."

"These considerations in favor of remaining in the Republican party are general and apply in the case of any member of the party. Speaking from a personal standpoint, I have felt, that as the head of the party in the fifth largest State in the Union and the largest Republican State west of the Mississippi, as the captain of the ship for the time being, I should not be among the first to abandon it, and that I should not abandon it at all unless fully convinced that it is going down."

HILLES NAMES BOARD.

Men Who Will Help Conduct the Republican National Campaign Are Veteran Leaders.

[By A. P. Night Wire to The Times.]
NEW YORK, Aug. 13.—Chairman Charles D. Hilles of the National Republican Committee, announced today the names of the Advisory Board of the national committee. William Barnes, Jr., chairman of the Republican State Committee, is chairman.

Mr. Hilles said he probably would be able to announce the name of the treasurer when he returned from Chicago.

HARVESTER TRUST RETURNS HOME.

FINANCES TO BE ADMINISTERED FROM CHICAGO.

McCormicks Are Reported to Have Regained Control from the J. Pierpont Morgan Interests of New York After Ten Years—Voting Trust Dissolved.

[By Federal (Wireless) Line to The Times.]

CHICAGO BUREAU OF THE TIMES, Aug. 13.—[Special Dispatch.] Financial affairs of the International Harvester Company will hereafter be administered from Chicago, according to information which was current among the big banking houses of La Salle street today. The control will thus be taken from the J. P. Morgan interests of New York and brought back to the original financial home of the trust.

VOTING TRUST.

The rumor followed the announcement that the voting trust existing inside the corporation had been dissolved at the end of its ten-year agreement. For a decade, the affairs of the trust have been managed by a voting trust, consisting of Cyrus H. McCormick, William Seering and George W. Perkins, the latter representing the Morgan interests.

The ten-year agreement having expired, it devolved on the stockholders to elect a new voting trust or to choose directors themselves. It is understood that the McCormicks, Cyrus H. McCormick, father of the McCormick company, have gained control of sufficient stock to enable them to swing the election.

CHICAGO FINANCIERS REJOICE.

The change of the stock is held by employees, to whom it had been sold the last ten years at the suggestion of the McCormicks. Being in full control, the McCormicks can do away with a voting trust and even reorganize the board of directors so that the eastern financial interests will not be represented. It is not reported that they intend to go to that extreme, though it is understood that the financial headquarters will be removed from New York City to Chicago. The announcement is hailed with joy, as local investors declare it means turning the point of the financial tide.

Of late it has been the custom for large business concerns in Chicago to handle their finances from New York City, and it is predicted that this condition will change in the future.

Hottest August Day on Record, With Terrible Rain Storm Accompanied Swiftly Follows Lowest Temperature for Month in History of the Windy City.

[By Federal (Wireless) Line to The Times.]

CHICAGO BUREAU OF THE TIMES, Aug. 13.—[Special Dispatch.] From the coldest August in the history of Chicago to the hottest in the record established here last week ago, overcoats were fashionable at baseball games; today the shirtwaist coat rules supreme.

From a high temperature of 85 deg. for an entire day, only a week ago, the mercury climbed to 86 deg. today, the hottest August 13 in Chicago, as far as the forecaster's records go. One man was prostrated by the heat. The evening brought a terrific rainstorm in the downtown section of the city, although the suburb sweltered in the stifling heat and high humidity. The rain came down in torrents for a few minutes, cooling the streets, but the heat was back to work within a half an hour.

PASS IT OVER MR. TAFT'S VETO

Vote in House on Wool Bill Comes as Surprise.

Speaker's Ruling Believed Unconstitutional.

Conferees on Sugar Tariff Disagree Finally.

[By A. P. Night Wire to The Times.]

WASHINGTON, Aug. 13.—By the narrow margin of five votes, the House today passed the wool tariff revision bill over President Taft's veto. The vote, 174 to 80, was made possible by the defection of twenty-one Republicans who voted with the Democrats.

The announcement of the Democratic success created a wild scene in the House, and amid great confusion the Republican leaders protested that Speaker Clark must count as voting ten members who answered "present" to their names, a ruling which would have defeated the Democratic program by overcoming the five-vote margin and making impossible the recording of the necessary two-thirds vote. This the speaker declined to do.

SUGAR CONFEREES DISAGREE.

Less than an hour after the wool bill had been passed in the House, the conferees on the sugar tariff bill met and disagreed. They decided to report both the Houses that it had been found impossible to reach a compromise between the Underwood and Lodge-Bristow bills.

This action is expected to mark the end of the sugar tariff consideration in the present session and the excise tax bill which was framed to make up revenues that would have been lost by the reduction of the sugar tariff, probably will remain as conference when Congress adjourns.

While Democratic and progressive Senate leaders do not believe the wool bill can be passed in that body over the contrary notwithstanding, they continue to demand action on the cotton tariff measure.

REPUBLICANS SURPRISED.

The vote on the wool bill came as a surprise to the Republican leaders of the House. When they discovered that defection from their ranks was to be expected, it was too late to prevent the following Republicans from wavering to the Democratic camp: Akin, New York; Anderson, Davis, Lindbergh, Miller, Stearns and Stevens, Minnesota; Anthony, Reed and Young, Kansas; Cooper and Green, Wisconsin; Hedges and Woods, Iowa; Halsey, North Dakota; Kent, California; Lafferty, Oregon; La Follette and Warburton, Washington; Norris and Sloan, Nebraska.

UNPRECEDENTED.

Not in the memory of the oldest members of the House has a tariff measure ever been passed over the president's veto by the lower branch of Congress. When Speaker Clark announced the veto and declared the bill had passed, "The President's veto to the contrary notwithstanding," there was a wild outburst of applause from the Democratic side. The tumult was increased by the declaration of half a dozen Democrats that the ruling was unconstitutional.

UNCONSTITUTIONAL.

When a semblance of order was restored, Representative Gardner of Massachusetts insisted that the Constitution provided that a two-thirds veto of the House was necessary and that the ten members voting "present" should be counted, for they had recorded their presence in the House. Representative Olmstead of Pennsylvania, one of the foremost parliamentarians in Congress, supported the contention.

"Those ten members who voted 'present,' after a long examination of precedents, 'are recognized as being present only to constitute a quorum. The Constitution is interpreted in the past to clearly provide that all decisions must rest on a yea and nay vote.'"

CHAMP CLARK OBDURATE.

Representative Fitzgerald of New York, Democrat, supported Mr. Olmstead and Mr. Gardner in their contentions, while Minority Leader Mann supported the Speaker. The Speaker, when the debate broke out with renewed vigor, quickly put a damper on it.

"You may talk all you want," he said, "but the chair has no intention now or later of changing its ruling."

LAST MINUTE APPEALS.

Shortly before the vote was taken, Minority Leader Mann appealed to his followers to stand by the Republican party, and protective tariff principles. He urged upon them the necessity of remaining with the minority in order to safeguard a great American industry, which, he said, "would be destroyed under the terms of the Democratic bill."

Underwood, who closed the debate, exhorted wavering Republicans to join with the Democrats in passing the bill over the veto of the President. "Who believed he could dam back the demands of the American people with veto messages?"

VIOLATES HIS PAROLE.

Man Arrested at New Orleans Wanted for Having Overlooked Conditions of Release from Prison. (BY A. P. DAY WIRE TO THE TIMES.) NEW ORLEANS, Aug. 13.—George M. Sweager, wanted in California for alleged violation of his parole from Folsom Prison, is under arrest here. Sweager declares he would rather die than return to prison.

SENTENCED FOR FORGERY.

(BY A. P. DAY WIRE TO THE TIMES.) SACRAMENTO, Aug. 13.—George W. Sweager was committed to Folsom Prison from San Francisco, December 1, 1904, for forgery. He was given a twelve year sentence. He was paroled May 1, 1910. The term of the parole placed him under surveillance of Deputy Patrol Officer Conrad of Los Angeles. While in Los Angeles he worked as a carpenter and reported regularly until last month, when he failed to appear.

Had Sweager made his report last month he would have been given permanent freedom on August 1, the expiration of his period of parole.

ROBS SEVEN RANCHERS.

Highwayman Handcuffed Victims in Outlying House and Picked Their Pockets at Leisure. (BY A. P. NIGHT WIRE TO THE TIMES.) REDWOOD CITY (Cal.) Aug. 13.—Five highwaymen in an automobile representing themselves to be officers of the law, made prisoners early this morning of seven ranchers in an outlying house, handcuffed them securely, then robbed them at leisure and whirled away.

The sheriff of San Mateo county and his deputies are in pursuit this afternoon, but the bandits got a big start. He contended that the Federal bankruptcy law controlled, and therefore that State officers had no authority in the premises.

ATTY-Gen. Webb said he would argue that his motion was not made for the purpose of determining the solvency or insolvency of the Continental, but to define what police powers the State has over corporations and associates.

Judge Sealwell, after listening to the Attorney-General, took the question under advisement.

WATER SUPPLY PROBLEM.

San Francisco Offers Thirty-Eight Millions for Spring Valley Company's Property. (BY A. P. DAY WIRE TO THE TIMES.) SAN FRANCISCO, Aug. 13.—As a part of the general effort being made by this city to solve the water-supply problem by acquiring a municipal source and distributing system, the Spring Valley Water Company is in possession today of an offer from the city officials of \$28,500,000 for the company's property. Mayor Rolph, City Attorney Lond and the engineers and members of the Board of Supervisors, who have been considering the question, have formally presented the proposition to the officials of the corporation, and it is probable that a meeting will be held so that an agreement can be made.

The Spring Valley Water Company offered to sell its property to the city in 1909 for \$35,000,000, but the voters rejected the proposal. Since that time the company has set the figure at \$45,000,000, with the intimation that under certain conditions \$48,500,000 might be accepted.

ALMOND CROP A WHOPPER.

Largest in History of California, Is Now Being Harvested by Prosperous Growers. (BY A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Aug. 13.—The largest almond crop in the history of the State is now being harvested, according to the California Almond Growers' Exchange. The almond harvest this season has just commenced, and the crop will exceed that of 1910, a banner year that witnessed a crop of 3000 tons, valued at \$750,000. The increase is due to increased acreage in bearing, and the fact that there was little severe weather.

Director of State Hygienic Laboratory Calls It One of the Worst Plagues of California. (BY A. P. NIGHT WIRE TO THE TIMES.) BERKELEY (Cal.) Aug. 13.—[Special Dispatch.] Rabies as one of the great plagues of this State must be eradicated, says Dr. Wilbur A. Sawyer, director of the State Hygienic Laboratory. He will discuss the subject when the health officers of the State gather here in the convention of the California League of Municipalities. At the conference will be all the city, county and State health officers and officers of California and probably of other Pacific commonwealths.

FORGED ARMY CHECKS.

CIRCULATING ON THE COAST. (BY A. P. DAY WIRE TO THE TIMES.) SAN FRANCISCO, Aug. 13.—Forged army paymasters' checks, from a book of 100 blanks stolen from the post at St. Michaels, Alaska, are beginning to circulate on the Coast. The forger is supposed to be on his way to Chicago. Ten of the forged checks totaling \$2000, have been received by the San Francisco Sub-treasury, it became known today. Altogether, some \$20,000 worth of the forged checks are supposed to have been floated thus far. The forger is known to secret service authorities as a private who has been advertised as a deserter by the War Department. The signature of Elliott H. Brown of the Twenty-third Infantry has been forged to all the checks in possession of the local sub-treasury.

MEANS CHEAPER DRY GOODS.

Retail Merchants of Pacific Coast Will Ask Eastern Mills and Jobbers to Pay the Freight. (BY A. P. DAY WIRE TO THE TIMES.) SAN FRANCISCO, Aug. 13.—Retail dry goods merchants of the Pacific Coast have been invited by the San Francisco Retail Dry Goods Association to meet in this city September 5, 6 and 7 to effect permanent organization, standardize prices upon advertised specialties, and obtain from eastern jobbers prices "c. b. Pacific Coast."

It is the intention of the local merchants, when the Coast merchants shall have organized, to align with them the National Association of Dry Goods Merchants in their campaign to have the manufacturers absorb freight charges on goods sold in this territory, in order that merchants here may sell advertised goods at eastern prices. It is claimed that the territory west of the Rocky Mountains consumes but 10 per cent of the dry goods output of the country's mills, and that an infinitesimal increase in freight prices the eastern trade would enable Coast merchants to sell at the same prices.

A feature of the September meeting will be the fall fashion show in this city.

Attorney-General Opposed by Continental's Attorney.

State's Agent Technically in Control of Offices.

(BY A. P. NIGHT WIRE TO THE TIMES.) SAN FRANCISCO, Aug. 13.—Representing the directors of the Continental Building and Loan Association, Judge Sealwell appeared before the motion of Atty-Gen. Webb that the directors and officers of the association be required to show why George B. Walker, State Building and Loan Commissioner, should not liquidate the association which he has declared insolvent.

Technically the commissioner's deputy, Franc J. Brandon, is in possession, but the officers were still locked today against him.

Henshall's argument was an attack on the validity of the State building and loan law, as amended in 1911. He contended that the Federal bankruptcy law controlled, and therefore that State officers had no authority in the premises.

ATTY-Gen. Webb said he would argue that his motion was not made for the purpose of determining the solvency or insolvency of the Continental, but to define what police powers the State has over corporations and associates.

Judge Sealwell, after listening to the Attorney-General, took the question under advisement.

PROSPERITY FINDS A SHORTAGE OF CARS.

(BY A. P. NIGHT WIRE TO THE TIMES.) KANSAS CITY, Aug. 13.—Freight congestion and a shortage of cars are being predicted by railroad men of the Central West. The chairman of the Association of Western Railroads has issued an appeal to industrial traffic managers and commercial organizations to aid in modifying the congestion.

The appeal asks that all lumber, cement, coal and such freight be moved in the next few weeks "before the railroads are staggering under the crop movement."

SIXTY THOUSAND CARS SHORT. It is pointed out by railroad men that the surplus cars on July 11, 1911, were 149,074, and that this was reduced on Oct. 28 to 39,123. This year, the surplus of cars on July 13, was 63,923, and if the reduction is as great as last year there will be a shortage approximately of 60,000 cars by the end of October.

WHEAT CROP IMMENSE. Besides the small number of cars available, it is shown that the wheat crop of Kansas will be approximately 50,000 carloads greater than it was last year and that the crop of Northwestern States will amount to near 7,000,000 carloads more than in 1911.

HIS RECORD FEATURED.

(Continued from First Page.) the voters get the information they will endorse our administration. I do not expect to start a speaking campaign right away; that will come later. The organization work is to be taken up by the party management and that will be pushed vigorously after the State Committee meeting Saturday."

WORK IN HARMONY. There is to be complete harmony in the conduct of the national and State campaigns in the Auditorium Hotel. He will aid David W. Mulvane, director of the western national headquarters.

Charles F. Scott of Kansas, who has charge of the publicity bureau of the national headquarters, has views similar to Mr. West's on the conduct of the Taft campaign.

STAND ON ACHIEVEMENT. "Information and proper deduction of the achievements of the administration of President Taft are what are needed at the outset," said Mr. Scott, who is editor of the Iola (Kan.) Daily Register. "There has been a studied effort to misrepresent the accomplishments of the Taft administration. Then, too, President Taft has never posed as a publicist. He has neglected to advertise the many good points in his administration. If there ever was a President who deserves re-election, it is President Taft, and the body of the people will come to this way of thinking when they are properly informed as to the actual achievements."

Mr. Scott intends to be vigorous in his treatment of the publicity and the canvass if he has his way. He will say the "Bull Moose" chief unless someone stops him.

WITHOUT GLOVES. "It will not be a ladylike affair if I have my way," said Mr. Scott. "I believe in setting facts before the people and we'll take off our gloves for the work."

B. M. Chipfield of Canton, Republican candidate for Congressman at Large, came to Chicago today after a vacation in Wisconsin.

THIRD PARTY ON SLIDE. "The third party movement is slipping," said Mr. Chipfield. "The people are looking upon it as a Roosevelt move, solely, and the rural press generally is upholding the record of the Republican party. By election day there will be little left of it. This is a fight solely between Taft and Wilson."

Charles D. Hillis, chairman of the Republican National Committee, will be here tomorrow for direct session of the subcommittee in charge of the members.

The members are: T. A. Marlow, Montana; J. T. Adams, Iowa; C. B. Warren, Michigan; T. E. Neiderhiser, Missouri, and Mr. West.

Hair Health

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Rexall "93" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our stores—The Drug Store, Inc., Los Angeles, San Francisco, Oakland, Sacramento, Portland, Seattle and Spokane.

CRICKING FEATURES OF ARMY MANEUVERS.

Telegraph from an Aeroplane in Connection with the Second Time Since Sunday the Red Infantry of the Pacific Coast Landed at Presidio Monterey Had Their Advance Checked.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 13.—The army maneuvers now going on at Bridgeport, Cal. In the group of pictures are seen a number of men testing a wireless telegraph apparatus to be employed for the first time in army work. Effort is made to carry on communication from an airplane with the land stations. The soldierly-looking man in uniform is W. H. Rice of the United States Signal Corps, to whom has been allotted the task of trying to make wireless work from on high. The other picture shows men engaged in the maneuvers lounging on a cannon.

FOR SAFETY OF TRAVELERS.

Train Rule Examiner Is the Latest Innovation.

New Office Is Created by Burlington Railway.

Employees to Be Consulted as to Changes.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO BUREAU OF THE TIMES, Aug. 13.—[Exclusive Dispatch.] A new executive position has been created on the Chicago, Burlington and Quincy Railroad, growing out of the recent wreck on that road at Western Springs.

A brief announcement sent out from the office of the general manager tells the story. The announcement reads:

"Effective this date, Charles T. Salisbury is appointed train rule examiner, with headquarters at Galeburg, Ill."

SHED OUT OF RECENT WRECK. Mr. Salisbury has been train-loading inspector on the Burlington line. The decision to create the new position grew out of the recent wreck, which was shown to have been due partly to a misinterpretation of orders and partly from a disobedience of rules.

The new examiner will devote his time to examining trainmen on the rules, to ascertain their familiarity, their interpretation of the rules and how they would comply with certain orders under extraordinary circumstances.

WILL CONSULT EMPLOYEES. This work has in the past been done by division superintendents, each of whom looked after the men in his own division, but it has been decided that greater efficiency can be obtained by having the entire road under one man, who will travel from section to section and see all of the men.

Mr. Salisbury will have no authority to make rules himself, but will make recommendations as to what changes will be beneficial, or if he thinks that entirely new rules on any subject are necessary he will make recommendations to that effect.

"I have not entirely decided what I shall do as yet," said Mr. Salisbury, "except that I shall start in to once and cover the whole line and get acquainted with the men and see how they are on general rules of the road. Our ultimate object is, of course, safety, and I will see what can be done on this line along those lines."

DIVIDENDS DECLARED.

CANADIAN PACIFIC DOES WELL.

(BY A. P. DAY WIRE TO THE TIMES.) MONTREAL, Aug. 13.—The directors of the Canadian Pacific Railway have declared a semi-annual dividend of 2 per cent. on preferred stock and a quarterly dividend of 2 1/2 per cent. on common. Some of the statements made concerning the fiscal year ending June 30, were: Gross earnings from railway and steamship lines, \$122,519,541; working expenses, \$88,921,288; net revenue from railway and steamship lines available for dividend, \$12,752,784; after payment of all dividends declared for the year the surplus from railway and steamship lines carried forward is \$17,560,519.

A PICNIC; THREE FUNERALS. (BY A. P. DAY WIRE TO THE TIMES.) BUTTE (Mont.), Aug. 13.—Three miners are dead as a result of the picnic of miners held at Gregory Springs. John Garavesevich died from wounds received when he and Marko Mikolich, firing at random, shot close to a cowboy named Gray, who returned the fire. Gray surrendered to the officers today, saying that he fired first in front of the miners to frighten them and when they continued firing he shot them in the legs. Mikolich died soon after the shooting. Gray declares the miners were hiding behind fences when they shot at him. It is said the shooting fol-

PLOT AGAINST KITCHENER.

Three Youths Arrested in Cairo, Egypt, for Conspiring to Assassinate Him, Sent to Prison.

(BY CABLE AND A. P. TO THE TIMES.) CAIRO (Egypt) Aug. 13.—The trial of three youths who were arrested on July 2 for being concerned in a plot to assassinate Viscount Kitchener, the British agent and Consul-General in Egypt, resulted in all of them being found guilty. One was sentenced to fifteen years of hard labor, while the other two were sent to prison for fifteen years without hard labor. It was stated during the hearing the reading of seditious literature had incited the youths to the conspiracy.

FIRE AT CLOSE RANGE.

"My Wife Shot Me!" Bernstein Is Said to Have Exclaimed Before Dying, According to Witnesses.

(By Federal Wire to the Times.) CHICAGO BUREAU OF THE TIMES, Aug. 13.—[Special Dispatch.] "My wife shot me. Why did she do it?" were the dying words of George Bernstein, whose widow, Florence Bernstein, is on trial here for her life, according to Miss Grace Walker, a nurse at the county hospital. Miss Walker was the first witness called by the State when Mrs. Bernstein's trial formally opened today after the selection of the last juror.

Miss Walker also testified that the wounds were powder-burned, indicating that the bullets which caused Bernstein's death were fired at close range. The defense immediately turned this point to its own advantage, declaring this bore out the widow's claim that they were fired in a struggle and not when Bernstein was in bed and she at the other end of the room.

Rose Meyers, a sister of Bernstein, also declared that the dying man had accused his wife.

"Oh Rose, she shot me—shot me while I slept," were his last words to me," said Miss Meyers.

Before the actual taking of testimony began, Assistant State's Attorney Crowe, in charge of the prosecution, bitterly arraigned the accused woman, calling her a "cruel, cold-blooded, heartless murderess."

The absolute lack of emotion shown by Mrs. Bernstein on the day of her husband's death brands this as a cold-blooded, deliberate murder," he declared.

Attorney Patrick H. O'Donnell, who is assisting Charles E. Bernstein in the woman's defense, in his address to the court declared that self-defense would be his client's plea and Attorney Erbstein supplemented the statement with one to the effect that Bernstein's constant abuse had driven his wife to the borders of insanity.

MUST STAND TRIAL.

Conspiracy Charged Against Coal Dealers to Bolster Prices on Uncle Sam in Alaska.

(BY A. P. NIGHT WIRE TO THE TIMES.) TACOMA (Wash.) Aug. 13.—Judge E. F. Gorman of the United States District Court today overruled the motion to quash the indictment against Charles E. Houston of Seattle and John H. Bullock of Portland, charged with conspiracy to sell coal to the government at an exorbitant figure.

Trial has been set for September 17. Bullock and Houston are alleged to have conspired with Capt. D. H. Farvia, who committed suicide a year ago, to bolster up the price of coal in an agreement over contracts to supply Fort Davis, St. Michaels and Id. comb in Alaska. Former United States Senator S. H. Piles appeared as one of the attorneys for the accused men.

Presidential Nominations.

WASHINGTON, Aug. 13.—[By A. P. Night Wire.] President Taft sent to the Senate today the nomination of Jacob Gould Schurman, president of Cornell University, to be minister to the United States to Greece and Montenegro, and that of Christopher Kaiashev to be receiver of public moneys at Vancouver, Wash.

HEIRS PAY BANK DEFICIT.

(By Federal Wire to the Times.) CLEVELAND (O.) Aug. 13.—[Special Dispatch.] Through the voluntary offers of the heirs of Aaron and Zenas S. Wilson, wreckers of the Lake County Bank at Painesville, O., which failed twenty years ago, the creditors of the bank will be paid \$82,900 next Thursday. The heirs announced that they were doing only the square thing when they paid the amount due. The total represents the bank with 3 per cent. interest, compounded for the entire twenty years—plus the fees of the attorneys and trustees. The bank failed in 1892, the creditors' affairs being wound up a year later by the payment of eighty cents on the dollar. The \$82,900 represents the balance represented by the twenty cents not paid. There are six heirs to the Wilson estates and all are unanimous in agreeing to make the payments.

STAB WIFE FOR BURGOLAR.

(BY A. P. NIGHT WIRE TO THE TIMES.) EVANSVILLE (Ind.) Aug. 13.—Thinking his wife a burglar, Harvey Troyer stabbed her in the back early today and she probably will die. According to their statements they were awakened by a noise as if there were an intruder in the darkened room. Both rose and the husband, armed with a butcher knife, stabbed his wife when they ran against each other.

GREAT MULE DEAD.

(By Federal Wire to the Times.) ST. JOSEPH (Mo.) Aug. 13.—[Special Dispatch.] "Darky," the biggest mule in the world, was found dead today when the livery stable of W. R. Warren at Trenton, Mo., a few miles from here, was burned. "Darky" was 3 years old, weighed 2050 pounds, and was valued at \$1200. He had never been sick a day in his life and could draw as much as three ordinary animals of his kind.

THE TRACKLESS TROLLEY TO THE BIG PINES

Well up on the wooded slope of the Sierra Madre mountains within four hours' railway journey of Los Angeles, the Lone Pine Utilities Company is constructing a trackless trolley system to connect with The Big Pines summer home colony, which is being established at the head of Swarthout Canyon, about 12 miles from Grava station on the Santa Fe.

This trackless trolley system will traverse one of the most picturesque sections of the Sierras— noted the world over for their diversity of scenic charm—and will bring the forest primeval with its cooling shade and towering pines, into direct touch with the people of Los Angeles, Redlands, San Bernardino, Riverside and other thriving municipalities of Southern California.

Through its agency and that of the Santa Fe Railway, The Big Pines summer home colony is to be afforded the facilities necessary to make the mountain resort the most popular in the State, not even excepting those located in the famed Mammoth Mountains.

In fact, it is the intention to establish in The Big Pines a summer home colony, which, while retaining the exclusiveness to the worth of the Santa Cruz Mountain resorts from an investment standpoint, will also embody a number of distinctive features.

One of these will be the large, rambling log cabin hotel, which is to occupy one of the most commanding sites in The Big Pines. The hotel will be the largest of its kind in the West, and will retain the ruggedness of outline and roughness of design which should characterize such a building when erected in the heart of the woods.

It is expected that this hotel will be the meeting place of mighty hunters and voracious anglers, as well as the summer resort of Southern California's well-to-do class, and that of an evening, after the sun has dropped below the western horizon and the curtain of night has draped itself across the face of day, that the vine-covered porches will echo tales of prowess in forest and field.

With the log cabin hotel as a nucleus, the summer home colony will spread itself on every side like squares on a checkerboard. Roomy and artistic bungalows will shelter themselves beneath the trees which dot each half-acre site, while to leave the privacy of the owners but a single residence will be permitted on a lot. Campers, with their wagons and luggage, will not be tolerated at the Big Pines. The erection of tents for camping purposes on any of the residence sites is permitted except for temporary use of the Big Pines.

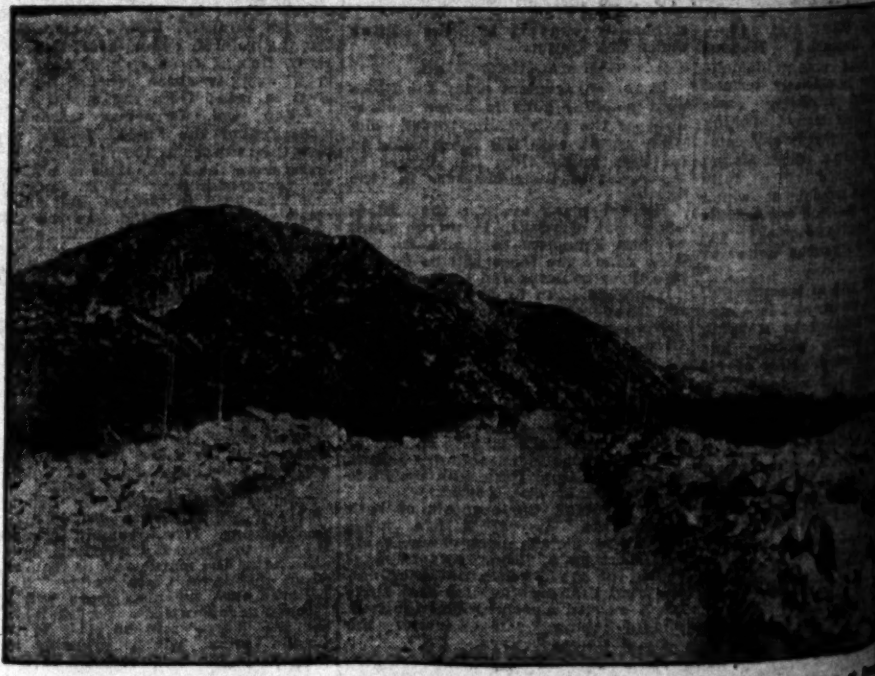

Half-acre sites in The Big Pines have been placed on the market for \$300 and up, and are meeting with ready sale. For several years past The Big Pines has been the mecca of well-known Los Angeles business and professional men, drawn there by the beauty of the resort as a summer home colony. The agents of the resort are in daily receipt of numerous inquiries from persons desiring to acquire a home in the Big Pines.

Various sections of California who are impressed with its artistic and investment worth—one inquiry coming from as far as Sacramento.

If you are seeking a summer home, remote from the heat and grime of the city, and yet sufficiently near thereto to leave you a day's visit and a return to the desk by 8:30 o'clock on Monday morning, drop into our office and talk the matter over with our artistic illustrated booklet describing in detail the beauties of this week-end resting spot.

MERIT PRIZES FOR BUNGLING.

New York Amazed by Police Force's Simplicity.

Schepps Says Sleuths Found Him in Catskills.

More Revelations Are Made in Rosenthal Case.

(By Federal Wire) Life to The Times: NEW YORK BUREAU OF THE TIMES, Aug. 13.—[Special Dispatch.] Broadway has won a new "grind" from the game of hide and seek played by the Rosenthal murderers and the New York police. Here it is: Jones—"Fever's broke out at Hangan's and three of her boarders are tops."

Bones—"Eh, New York cops?" Jones—"Top."

Bones—"Don't worry. New York cops can't catch anything."

That the great detectives of the regular force have made an awful mess of the hunt for the two still missing gunmen is a general conviction. That some of the bungling has been unbelievably stupid is also charged against Waldo's "rumshoo brigade."

From Hot Springs, Ark., came a story today in connection with the arrest of Sam Schepps, the alleged paymaster of the murder crew, which caused quite a lot of talk. Chief Leonard, of the Hot Springs bureau, is quoted as calling the description of Schepps issued by the New York detective bureau, "a most remarkable document."

DESCRIPTION MISLEADING.

Says Leonard: "The description is nothing like Schepps. It calls for a man at least four inches taller, and among other things, 'cross-eyed.' Well, Sam can look as straight as Ty Cobb can hit. Sam wears spectacles—not a line in the police description about that."

"Schepps never would have been captured on the strength of that remarkable document," wound up Leonard. "The newspapers gave him away."

Little things like these are not calculated to lower the sultry atmosphere at the police headquarters. The Leonard contribution is made peculiarly significant in view of the fact that Schepps is already recorded with the statement that detectives had him in their grip when he was sleeping out in the Catskills. They flashed their lamps on the man for whom the States and Territories of the Union were being combed through boulevard and backwoods.

LEWIS IS INFANTILE.

Schepps told how he lay shivering in fright as the blanket was pulled from his face and the four Hawks glared at him and asked questions. He realized that his answers given when he was off his guard, on the spur of the moment—were enough to fasten upon him the suspicion of "anything like a real detective," but they passed through the infantile simplicity of Waldo's men like water through the holes of a cracked tin. Even Deputy Commissioner Dougherty can offer no explanation for this seemingly inexplicable stupidity or worse.

"I hope it is not true," was the only comment he made when his attention was drawn to the Schepps story, coupled with a reminder of the promise Rose says Becker made to him: "THEY WON'T SEE YOU."

"Don't mind about the police, they're all my friends. There are 700 of them out hunting for you, but don't worry, Rose, they won't see you."

They didn't. The sight of the 700 "special" "Rose hunters" and the rest of the 10,400 brave men in blue was as mortally bad that the bald-headed gambler had to stroll into police headquarters to "disappear" himself.

Was it merely to save Schepps from being "given his" by some vengeful police underling that Whitman denied to the police department the job of bringing Schepps from Hot Springs to Gotham? Or was it fear that the willing State's witness who, it is alleged, "carried the bag" for Becker to "Gyp" and "Lefty" and the rest of the accused gunmen, might be "lost" from custody of the police that can't catch anything except general ridicule?

LOOKING FOR GRAFT HEAD.

New York District Attorney Hears That Lawyer, Hotel Man and Police Official Are Beneficiaries.

NEW YORK, Aug. 13.—Blackmail extorted from gambling and disorderly houses in New York City is said to find its way into the pockets of three men "higher up" who are the real heads of the graft protection for a price to the underworld.

Information has been given Dist. Atty. Whitman by private detectives working on the Rosenthal case that these men "higher up" are a lawyer, a hotel proprietor, who claims strong political affiliations, and a police official. Two police inspectors also are said to be implicated.

Mr. Whitman now is convinced that "Bald Jack" Rose told the truth when he said at least \$2,400,000 was collected from gambling houses in one section of New York City alone.

It appears that for more than a year a system has been in operation by which all gambling and disorderly houses have been black.

ALLEGED "FATTENING."

The investigation already has shown there always had been police blackmail through intimidation by which police officials fattened their bank accounts by the use of a recently "organized" better results were shown. Private detectives reported that under the present system the grafters were protected from the complaints of the victims, it being one of the boasts that one of the men "higher up" was influential enough to prevent trouble.

Mr. Whitman is said to have been furnished with a list of names of prominent persons who played in gambling houses. It is said these persons may be subpoenaed to give information.

HURRIES TO SCHEPPS.

Bernard H. Sandler, counsel for Sam Schepps, alleged "pay-master" of the run men who killed Rosenthal, complicated the situation today by hurriedly departing for Hot Springs and warning Schepps not to start for New York until his arrival. Schepps had said he would waive extradition and come at once with Asst. Dist. Atty. Ruben and a detective.

HOLDS SCHEPPS FOR WHITMAN.

Police Chief at Hot Springs Reluctant to Surrender Prisoner to New York Police Agents.

NEW YORK, Aug. 13.—In what he declared to be the first authorized statement he has made since his arrest as a witness in the Rosenthal murder case, Sam Schepps branded as false today rumors that he has confessed and announced that he had demanded to be given into the custody of none other than Dist. Atty. Whitman's representatives when they arrive.

Police Chief Leonard said he would not turn Schepps over to the New York police department agents without making a fight to hold him for Whitman's men.

Schepps takes small comfort from the prosecutor's statement that he is not charged with actual participation in the murder of Rosenthal.

PRISONER IS NERVOUS.

When Schepps read dispatches referring to the use Whitman purposes to make of him, the prisoner's nervousness increased, but he adhered to his determination not to discuss the Rosenthal case or his own arrest.

THE DESCRIPTION OF SCHEPPS furnished by the New York police received by the Hot Springs authorities is, according to Chief Leonard, a most remarkable document because it describes Schepps as being at least four inches taller than the man under arrest.

GETS LETTER FROM ROSE.

"But this man is Schepps," said Leonard. "No mistake about that, I guess. He got a letter from Jack Rose asking him to confess, and was about to make a reply when Postmaster Johnson captured him."

Developments in Schepps' detention were expected to take more definite form with the arrival either of the agents representing the New York police department, or H. G. Ruben, representing the District Attorney.

TRAIL "GIP THE BLOOD."

Poses Are Searching in New York State for One of Alleged Slayers of Rosenthal, the Gambler.

CATSKILL (N. Y.), Aug. 13.—Poses are again searching for "Gip the Blood," one of the four slayers of Herman Rosenthal. Two persons believe they saw the much-wanted gangster near here yesterday. The man suspected came into the village, bought food at a house and then disappeared.

WOMAN'S CLOTHES IDENTIFIED.

Some Light on the Mysterious Disappearance of Mrs. Ethel Keating Boggess From Kansas City.

ST. LOUIS, Aug. 13.—A woman's Panama hat, gloves, purse and night robe were almost positively identified today as the property of Mrs. Ethel Keating Boggess, who disappeared in Kansas City on August 2. The articles were brought here today by detectives from Ft. Gage, Ill., where they were found in a boat in the Mississippi River.

The identification was made by telephone by T. J. Keating of Columbus, O., in talking with detectives. Mr. Keating received a description of the property and told the detectives it belonged to his daughter.

The boat containing the articles was found floating down the river on August 8 by a ferryman at Ft. Gage. The shirt had not been seen at Ft. Gage before.

SUSPICION POINTS TO NEGRO.

Denver Police Trying to Fix Responsibility for Slaying of Female Music Teacher.

DENVER, Aug. 13.—Tracing the movements of John Featherstone, a negro, was the work undertaken today by the police in an effort to fix responsibility for the murder of Miss Signe A. Carlson, a music teacher, in Montclair last Friday night.

Featherstone, whose name was given last night as H. J. Jones, lived with his son in a shack a mile from the scene of the crime. A small ax which had been washed recently, but to which traces of blood still adhered, was found in the shack. Featherstone explained that he had killed a chicken Sunday. A small music dictionary also was found. Steps were taken to determine whether this volume belonged to Miss Carlson.

According to Chief O'Neil, Featherstone was arrested about four years ago for attacking his 18-year-old step-daughter, Beatrice Rasome, but never was brought to trial because of the refusal of his wife to prosecute.

HEADED OFF COMPETITION. C. B. Goddard of Sterling, Colo., was called to testify to the efforts made by the residents of Sterling in 1902 to get a sugar factory erected there, and that in 1905 the "sugar trust" erected a plant to prevent independent competition when it became apparent that it was only a question of a short time until an independent factory would be erected.

ANOTHER AIRMAN KILLED. R. C. Fenwick's Biplane Turns Turtle While Speeding Over Salisbury Plain, England.

SALISBURY (England), Aug. 13.—One of the most experienced of English airmen, R. C. Fenwick, was killed today while participating in the military aviation speed tests on Salisbury Plain. He was flying over the aviation camp in his biplane at an altitude of 300 feet when the machine turned turtle.

TELL STORY OF REBATES.

Denver Wholesale Dealers Assert on Stand that Agreement Was Made With Them Eight Years Ago for Compensation of Prior Losses in Trade.

DENVER, Aug. 13.—The taking of testimony here in the government's suits against the so-called "sugar trust" in an effort to bring about its dissolution continued today.

A new side was presented when Charles B. Hurd, former secretary of the Colorado Wholesale Grocers' Association, and C. F. Best, formerly a wholesale grocer, testified regarding an agreement the Wholesale Grocers' Association entered into with the sugar combine in 1904. By agreement, according to testimony, the wholesale dealers received rebates from the sugar companies to recompense them for losses incurred prior to this agreement.

TELL-TALE LETTERS. Letters written to Chester S. Morrey, president of the Great Western Sugar Company, by H. O. Havemeyer and C. R. Helke of the United States Refining Company, dating as far back as 1902, were introduced today by the government.

They purported to show the inception of the plan to consolidate the smaller Colorado plants into the Great Western Company.

Letters also were introduced to show that at the time the Ft. Morgan and Brush (Colo.) and Billings (Mont.) factories were built, the contracts were drawn by John E. Far-

D. D. Williams and His Masonic Card.

The latter Williams, now under arrest as the smuggler of a small fortune in opium, is alleged to have used as the entree to Chinese circles for no other purpose than to further the illicit traffic.

HE alleged use of the Chinese Masonic order to gain the confidence of its members and use them and the fraternity name to further the smuggling of opium into the United States, was a startling discovery made yesterday by Inspector F. C. Boden of the State Pharmacy Board, and Federal officers investigating the arrest Monday of D. D. Williams with \$22,500 worth of opium in teamer trunks.

F. E. Johnson, the local United States agent, yesterday characterized the seizure as one of the most important that has been made in southern California for years. Not only was the actual seizure of opium one of the largest made in the West in some time, but it developed the Chinese Masonic feature as an alleged means to smuggling.

Among Williams' personal effects as found his Chinese Masonic lodge credentials. They showed that he joined the Gee Kong tong at Candelaria, Mex., on December 23, 1916. He was a member of the Wah Sing Ching, the latter an officer of the lodge. Both signed Williams' traveling card. The other certificate is signed by the officers of the Candelaria lodge.

The credentials are printed with black ink on light pink pieces of cloth. A deep red ink was used in stamping the Chinese characters.

The Federal authorities ascertained yesterday that a white man armed with these credentials experienced no difficulty in obtaining an opium smuggling permit into this country, but in securing the drug after he had been brought across the line from Mexico or landed at some sea-board city.

The recent activities on the part of Federal and State officials in their efforts to stamp out the traffic in opium have made it plain to all who have heard it said, for anyone to get it into this country without being a member of one of these fraternities, and assisting the co-operation of some of its members.

It was ascertained yesterday that the opium taken from Williams was brought across the line at Nogales. From there it was shipped to Benson, Ariz., and from there Williams brought it to Los Angeles in the teamer trunks.

Yesterday the opium and all of Williams' personal effects were turned over to Johnson. Williams is now a prisoner in the city jail. He will probably be arraigned today.

TOT IS SLAUGHTERED; POLICE SEEK FATHER.

Eight-Year-Old Girl Found, Throat Cut With Razor, in Venice Apartment House—Step-Parent, Heard With Her in Room an Hour Before, Cannot Be Found—Authorities Scouring the State for Him.

ALL I live for is my child," sobbed Mrs. C. E. Greenfield at the office of the city detective last night; and by the description she gave of the missing daughter, she unconsciously identified 8-year-old Vivian Greenfield as the victim of one of the most brutal murders of recent years in Southern California.

After playing with the little girl for two days along the beach and among the amusement concessions of Venice, C. E. Greenfield, her step-father, took her to a room in the Haley Hotel. Time and again they rode on the wheel, both laughing, and Greenfield apparently enjoying the fun as much as Vivian.

In Fearful Tragedy. Vivian Greenfield, 8 years old, whose body was found with a razor wound in her throat, was found in an apartment house at Venice yesterday, after a disappearance of days. Below is her father, C. E. Greenfield, for whom the police are looking.

Hotel Venice. That was the last seen of her alive. An hour later the girl's body was found, her throat cut with a razor, by a chambermaid on her cleaning rounds. Greenfield was gone. The police last night were scouring California for him. It is believed that he either took his own life by jumping off the Venice pier or has gone to the home of his father, Dr. H. P. Greenfield, Urbis Springs, San Bernardino.

Rancho Cienega, Great "Lucky" Baldwin Holding, Passes Into Hands of Los Angeles Investment Company for Huge Sum, All Clear Money for the Turfman's Heirs—Over Three Thousand Acres Involved.

H. A. UNRUH, executor of the will of the late Elias J. ("Lucky") Baldwin, yesterday filed his return, and account of the sale of the great Rancho Cienega of Paso de la Tijera in the clerk's office of the Superior Court, and thereby brought to a close the long-standing negotiations between the Baldwin estate and the Los Angeles Investment Company for the transfer of that great holding to the latter. The consideration named in the transaction is \$6,036,560, for a total of 2143.28 acres. The final hearing in the settlement was set for the 23rd inst., at 10 o'clock a.m., at which time the formality of winding up the estate's interest in the property will be attended to.

THE TERMS. In its deal for the Rancho proper the investment company pays down \$1,000,000 in cash, deliverable upon the receipt of the executor's deed; gives nine notes of \$500,000 each, payable at intervals of six months, and one note for \$255,750. Eight per cent. interest will be paid on the first note, and 6 per cent. on each of the others. Of the sum paid for the smaller and separate parcel, \$25,000 will be paid in cash and the remainder on three years' time. The negotiations throughout were carried on by H. A. Unruh, as executor.

STATE'S RECORD LAWSUIT FILED.

Santa Fe the Defendant on Freight Rate Charges.

Sixteen Thousand Pages in Monumental Complaint.

Preliminary Papers Load for Several Strong Men.

The largest and weightiest lawsuit ever filed in the State of California and perhaps in any other commonwealth went on record in this city yesterday.

It is against the Santa Fe Railroad and the more complaint comprises 16,000 pages of separate charges of violation of the long and short haul clause of the State Constitution.

This Is California's Biggest Lawsuit. It is against the Santa Fe Railroad and takes several strong men to handle it. The mere complaint comprises 16,000 pages and makes a pile over four feet high. The charge is violation of the long and short haul clause of the Constitution of the State. The man's height indicates something of the volume of the preliminary papers.

When it comes to splitting the Republican party, however, I feel that it is a great mistake and can only lead to an unfortunate end," he said. "It is only a few years ago that the Democratic party was split by the Independent movement, and we all know how that party fared. Something similar is bound to happen this coming election, and it does not redound to the credit of Roosevelt that he should place his personal ambitions before the welfare of an entire nation."

Stulla, in addition to being a leader in the ranks of the Republicans in Indiana, is one of the highest-salaried public men in the United States. He resides at Ft. Wayne. He is in Los Angeles to look over the city, which he claims started municipal government in all of the United States. "Los Angeles awakened other cities and towns of the nation to the possibilities of continued and judicious publicity, and its campaigns for increased population are being followed in all parts of the United States. Communities are trying to get ahead," he declared.

When the complaint was filed, the law suit stands over four feet high and required the combined efforts of several strong men to move it about. When the big box containing the initial "papers in the case" was unloaded in front of the Kerckhoff building the boss protested that office furniture could not be delivered during business hours.

"G'wan! This here's a lawsuit," responded the messenger, as he jammed a grappling hook into the packing case and edged it along toward the elevator.

The Santa Fe lawyers are not equipped for the physical handling of legal matters requiring longshoremen to move around, and they had to send out for tools heavy enough to get at the kernel of the case.

TAKES A TAPELINE. Once shucked from its wooden frame, the complaint was stacked on the floor and a foot rule requisitioned. This instrument ran out of figures too quick and a yard stick was sent for. No better. It was not until a carpenter's tape line was secured that the height of the pile was found. The weight is about 300 pounds and the number of pages approximately 16,000. Thirty days is provided under the law in which to answer the complaint. If the entire staff works overtime it is not likely that its intricacies can be digested in that time. Assuming that there are 500 words to each of the large pages, it makes a total of 8,000,000 words. Twenty-five thousand words is a fair day's reading; 25,000 into 8,000,000 is how much? A large clerical force will be set to work on the complaint, and the several items carefully checked. This in itself is a work of monumental proportions and will require several weeks.

After viewing the stack of language corded into a corner of the office of the chief attorney, it was suggested that if the Santa Fe is found guilty in proportion to the bulk of the complaint, the millennium will have not only dawned but be well on its way towards the serene and yellow before

SUMMARY OF THE DAY.

The Council yesterday postponed for one month the ordinance on paving of South Main street, in order to give time to get a street railroad franchise granted in accordance with the wishes of the property owners.

The Council yesterday decided to send a special committee to the County Supervisors to ask that the county's garbage ordinance may be suspended until the city can determine what sort of a plant it wants to erect for garbage disposal.

Health Commissioner Powers yesterday asked the Council to adopt an ordinance giving him more authority to condemn and have torn down shacks which he declares are not fit for human habitation.

The Council yesterday authorized proceeding with plans for an elevator at the south portal of the Broadway tunnel, the facing of the portal with white tile, and other tunnel improvements.

How \$1,000,000 is to be expended by the city for wharves, sheds and tracks on certain harbor frontage was outlined yesterday by the city engineer, who appeared as an expert in the city's suit to condemn land for that purpose.

asking the County Supervisors to suspend the operation of the county ordinance adopted September 1, last, and which went into effect on May 1, or at least modify it so that garbage may be hauled lawfully from the city through the county.

It was stated that there is \$250,000 available for the construction of the city's plant for the disposal of garbage. The sum of \$150,000 being included in the budget for this purpose, and \$100,000 being available from the general fund.

The resolutions set forth that the city now has a member of the Council, Mr. Whiffen, in the East to study garbage reduction plants, and that he does not desire to take action until he can make a full report on his investigation.

Members of the Finance Committee were named as a committee to go before the County Supervisors and present the resolution, with such other explanations as might be required.

May Abolish Commission.
Councilman Topham reversed all precedent yesterday when he proposed to abolish a city commission.

He introduced a motion in the City Council providing for the abolition of the Humane Animal Commission and the placing of the duties of that commission in the hands of the Police Commission. The Council referred this to the Legislation Committee.

Wants More Authority.
An ordinance was presented at the Council session yesterday providing for the placing of more authority in the hands of the health commissioner, so that he may have the power to inspect and condemn buildings that he considers unfit for human habitation.

Dr. Powers, head of the health department, has asked for this authority, and he was summoned to appear before the Council yesterday and explain why he deemed the proposed ordinance necessary. He stated that in view of the present epidemic of infantile paralysis and the danger of spread of other diseases he felt that numerous structures now used for human habitation should be torn down and that he had not sufficient authority to proceed. The ordinance was referred to the Legislation Committee for further investigation.

Salary Is Discussed.
The salary of the secretary to the Harbor Commission appears to be a subject which will come before the Council. The present salary is \$250 per month. A communication from the City Auditor was presented to the Council yesterday.

The Council yesterday authorized the building of a storm drain for Echo Park, to be paid for out of park department funds. The drain is to be built on the East side for which this club has been working for many months.

contains the indeterminate clause. The franchise is the subject of discussion at a luncheon at the Ambassador Hotel tomorrow noon, at which President Shoup of the Pacific Electric will be invited to be present.

Tunnel Improvements.
Councilman McKendall advanced one of his pet projects yesterday when he introduced the Council to vote to instruct the City Engineer to provide for the water-proofing of the roof and walls of the Broadway tunnel and to make the tunnel facing of white tile and plan for the installation of steps and an elevator service at the south portal to the top of Fort Moore hill.

Turnout Franchise Granted.
The City Council yesterday voted to grant the Southern Pacific the required turnout spur track franchise on Alhambra avenue, necessary for the reaching of the third track which is to be removed from this avenue to private property.

The franchise was granted by the Legislation Committee, and which was upheld by the Council yesterday, is that the Southern Pacific must pay for the paving of one-half of Mission road from Johnston street to the northerly city limits, where it will connect with the county road to El Monte.

City Hall Brevities.
The name of Frank O'Neill was sent to the City Council by the Mayor yesterday as his appointee as chief of the Bureau of Fire Alarm and Police Telegraph. Councilmen stated that as they did not know the Mayor's appointee they wanted to investigate and a vote on confirmation of the appointment was postponed for one week while the appointment was referred to the Supply Committee.

The application of Health Commissioner Powers for an automobile ambulance for use in handling patients with contagious diseases was referred by the City Council yesterday to the Finance Committee.

The Aqueduct Investigating Board yesterday recommended to the City Council that all city employees be placed under the Rosebery act provisions pertaining to employee liability. This was referred to the Public Welfare Committee.

Mrs. Ivor Thomas, president of the Wednesday Morning Club, headed a delegation of ladies who visited the Council chamber yesterday, and presented a petition to the Council for selecting the branch library site on the East side for which this club has been working for many months.

"THE TIMES" GREAT BOOKLOVERS' CONTEST.

Persons entering this contest today, tomorrow, next week or any other time before the contest closes, will have exactly the same chance of winning a prize as those who previously entered.

Answers from entrants will not be accepted until the entire 77 pictures have been printed.

Copies of The Times from the date the first picture appeared can be purchased at The Times office. The first set of answers filed will have no preference over the last set, and you can get into the contest any time before it closes, and be on an absolute parity with all other entrants.

yesterday as an eye-witness to the tragedy near Dominguez Field last January which resulted in the arrest of J. G. McKinnin, charged with manslaughter. He testified McKinnin said to Richard J. Smith, a Compton farmer, who the prosecution alleges, was struck by McKinnin's machine, that if Smith would permit him to go to a telephone, he would get off McKinnin.

Mrs. Wenn was sitting in her own auto, which was near McKinnin's, and said she saw Smith grab the car's door handle and declared he would choke him. Smith was cursing, Mrs. Wenn declared. She did not see him fall. The charges will call other witnesses to corroborate Mrs. Wenn's assertion that Smith appeared excited, tending to bear out the theory that his death was due to the violent impact of McKinnin's auto.

NO MORE TRIFLING.
YOUTH GOES TO PRISON.
Because William Crist failed to take advantage of the opportunities held out to him by the court, he will serve three years in San Quentin. This sentence was imposed by Judge Cabanis yesterday.

The history of Crist is that of an incorrigible boy. He was sent to one for four years by Judge Wilbur. Shortly after his discharge the boy committed petty larceny and was fined \$15. His next offense was stealing produce from a store. Judge Hutton placed him on probation against the recommendation of the probation officer and the District Attorney, but with the warning that if he fell from grace again, he would receive the full penalty of the law. He stole a car from the store, where he was employed.

"I have no sympathy for a youth who goes wrong after he has had a chance," Judge Cabanis declared when he passed sentence on Crist.

UNNECESSARY NOISE.
PERPETRATORS ARE PUNISHED.
The score of auto and motorcycle drivers who amused themselves Monday night rushing their machines through the Third street tunnel with mufflers wide open, paid for their morning when Judge Rose fined them \$3 each. The men were charged on complaints sworn to by Motorcycle Patrolmen.

Most of the offenders, after pleading guilty, sought to escape a fine. "You men know, or should know, that that ordinance was passed for the purpose of protecting the public," Judge Cabanis declared. "You are caught violating it and you are going to be fined."

The following offenders paid fines, excepting H. L. Goodenow, who was given a suspended sentence: A. H. Dunford, Ernest Purrer, W. J. Spierke, Landfield, Foster, J. J. Froley, S. Kellogg, O. P. Canaway, E. J. McCully, G. Cox, M. Darby, D. Stoddard, G. Wilson, A. G. Haff, J. W. Helman, Phil Coffey, Ed. Levitt, F. C. Kohler, R. C. Cleveland, J. J. MacKinnin, R. G. Wheat, B. L. Williams and E. Mattocks.

C. E. Martin was fined \$3 for exceeding the eight-mile-an-hour ordinance through the tunnel.

D. L. Leadbetter, W. N. Shannon, R. Benson, C. E. Labe were fined \$25 for exceeding the speed limit on Wilshire boulevard and Figueroa street. H. L. Hugin was given a suspended sentence for a similar offense.

STRANGE SUICIDE OF AUTO MAN
IN SOUTH PARK.
Conversing With Young Girl Man Suddenly Whips Revolver from His Pocket and Ends Life—Companion Too Hysterical to Explain What Preceded Act.

Walter Tumbleton, No. 2306 Wall street, married, was sitting in South Park yesterday afternoon talking to a friend, Miss Olive Clemons, No. 210 West Tenth street, when, without warning, he whipped out a revolver and shot himself. Miss Clemons, 18 years old, screamed and ran for help. Tumbleton died instantly. Miss Clemons was so hysterical from the shock of the tragedy that she could not tell of the conversation that preceded the suicide.

The body was taken to Pierce Brothers mortuary, where it was claimed by Mrs. Tumbleton. Tumbleton was employed at the Sam Carter automobile works.

Bowel complaint is sure to be prevalent during the fruit season. Chamberlain's Colic, Cholera and Diarrhoea Remedy gives prompt relief.—(Adv.)

Ella May McLaughlin, Unconscious rival to the earthquake wail, Gwendolyn Jane. She is looking for a papa, too.

TWIN WAIFS.

(Continued From First Page.)

what will I do when I've been to 'em all?"

Once Ella May was lost in Ocean Park for ten hours. Tired to death and half starved, she was at last picked up by the police and turned over to Mrs. Hubbell. She is a sweet natured, affectionate child, a "good girl," everyone who has ever cared for her agrees. Her pretty face and innocent blue eyes, caused wonder that any mother could separate herself from such a child.

Judge Willis declared the child dependent, and she was put in charge of G. F. Whitty, of the Children's Home Society, until a home can be found for her. Gwendolyn Jane, is also in Whitty's charge, until it is determined which lucky couple shall be her foster parents.

IMPERIAL.
The growth of Imperial is well illustrated by a statement recently issued by the Wells-Pargo & Co.'s express, which states that Imperial shows earnings for the month of July only exceeded by three offices in the southwestern district: Los Angeles, Bakersfield, San Diego and Imperial were the leading cities in the order named. Imperial exceeded all others in comparative increase in business.

APPREHENSION FEEL.
SANTA BARBARA, Aug. 13.—[Exclusive Dispatch.] Apprehension is felt for a party of twenty-five which left here Monday morning for a day's cruise about Santa Cruz Island in the small launch Charm, which had but a day's provisions aboard. Boats have been sent out to search for the missing craft, which had many prominent Santa Barbarans aboard.

Appreciation

This Bank Has It for Customers—and SHOWS IT.

As Banks and Business Houses grow larger and larger, the "personal element" gradually retires from transactions.

Service grows automatic, and Customers number so many thousands that they are no longer considered as individuals—service consists in Subordinates handling "the Public".

This is an ordinary condition—but IT IS NOT TRUE! with this Bank.

The men you meet here, as a Customer or Depositor, are highly trained specialists in their different lines—and imbued with the ideal and spirit of this Institution—it is as if this Bank were their own.

You will note their courtesy and the interest they maintain in you and your business.

You will soon realize how much real appreciation this Institution has for the fact that you brought your account here and keep it here.

You will feel this appreciation in the way you are served—and the men who serve truly represent this Bank—in integrity and its conscientious desire to maintain the "Efficient Service" for which it is so well known.

Accounts opened at Four and at Three Per Cent interest, the latter with checking privileges under moderate restrictions. Money loaned on Collateral and on approved Real Estate. Trusts executed. Superior Safe Deposit Facilities. Around-the-World and other interesting Tours arranged by our Steamship Department.

Big Opportunities For Small Investors

This Company, a half a million dollar corporation, is largely owned by persons who have invested less than Five Hundred Dollars each. There is only one kind of stock; this puts every one on an equal basis, share for share.

More than 150 per cent. in cash dividends has been paid to small investors since 1905. Shares purchased several years ago have increased in value at a remarkably high rate. Shares purchased now should show the same remarkable increase in the next few years. The Company is better, bigger and stronger today than ever before; it is growing faster; opportunities are greater.

Look over this plan of monthly investment—It will appeal to you:

5 shares, all cash	\$ 2.50, or pay	.35 cash and \$.45 monthly
10 shares, all cash	5.00, or pay	1.00 cash and .85 monthly
25 shares, all cash	12.50, or pay	2.50 cash and 2.10 monthly
50 shares, all cash	25.00, or pay	5.00 cash and 4.15 monthly
75 shares, all cash	37.50, or pay	7.50 cash and 6.25 monthly
100 shares, all cash	50.00, or pay	10.00 cash and 8.35 monthly

No commissions are paid to any one to sell this stock; therefore, no stock salesman to bother you.

Shares advance to \$1.70 on September 1st. Make up your mind to start now. Select one of the above plans at \$1.65 per share. Save this \$5.00 on every 100 shares and secure yours now.

SOCIETY

Miss Sadie H. Davis, Young New York society girl, who with her aunt, Mrs. A. H. Tilton is enjoying a pleasant tour. At present they are at Hotel Beverly Hills.

PROBABLY the most interesting bit of gossip these days is news of the arrival from Paris of Mrs. Harry Edward Chapman. This will be the signal for a round of merry parties which bid fair to make the summer season livelier. The first smart affair will be a garden tea to be presided over Friday by Mrs. Mark Kelsey, who has asked a number of friends to meet the charming visitor. The following week dinners, house parties and luncheons will follow fast one upon the other.

At the Virginia.
A party of motorists from San Francisco, who have been enroute over the sea breezes at Long Beach, include Miss Maude Lillian Barri and her mother, Mrs. Fulton G. Barri, Miss Bertha Fisher, Miss Muriel Zahn, Mrs. M. Berry Goodwin and Miss H. Reynolds.

At Bay City.
John Phelps spent the week-end at Bay City as the guest of Newton and Robert Woodville.

Merry Outing.
Mrs. Leah J. Seeley, and her two attractive young daughters, the Misses Ada and Mabel, No. 1515 South Figueroa street, have just returned from an outing at the Hotel Metropole, Catalina. Mrs. Seeley planned many delights for her daughters, as this journey is in the nature of a farewell. Miss Ada is to become the bride, at an elaborate wedding September 9 at Roy Bay. Miss Mabel will leave shortly afterward for Lake Forest Seminary, near Chicago, where she will study for a year. Boating, fishing, dancing and other merry sports were among the delights enjoyed while on the island.

Engagement Announced.
Mr. and Mrs. Albert C. Hunt, No. 1449 West Twelfth street, announce the engagement of their daughter, Miss Mabel, to Harrison Kimble of Baldwin Park.

Home from Coronado.
Dr. and Mrs. Isaac A. McCarthy and their mother, No. 1244 West Adams street, have returned from a two-weeks' visit at the Hotel Coronado.

Venice Outing Ends.
Mrs. Joseph Vetter and sister, Miss Irene Lips, have returned from a visit with their aunts, the Misses Lips of Venice. They will receive at their residence on Orange Grove avenue, South Pasadena.

Bear Valley Vacation.
Vacation outings at Bear Valley are popular this season and one of the merry parties was composed of Mrs. A. L. Olmstead, Miss Olmstead and Miss Gladys Vantes, who visited T. L. Tally and family. The Tallys are passing several weeks there fishing and boating.

Wedding Made Known.
The marriage of Miss Martha Neuberger of this city, to Wm. and Peter Watry of this city is announced for the first time today. The service was read Tuesday in St. Joseph's Church. Miss Anna Watry, 223 D. A. Watry, sister and brother of the groom, assisted as maid of honor and best man.

At Hotel Alvarado.
Mr. and Mrs. Herbert Zipf and Herbert Zipf, Jr., of Chicago, are visiting in this city. They are sojourning at the Alvarado.

Home Party.
Among enjoyable week-end house parties was that shared by a party of young people from this city who occupied a cottage at Bay City. The excitement was enjoyed by Miss Johanna Wallace, Miss Laura Pier, Miss Evelyn Cooper, Miss Agnes Cowan, Miss Mae McMahon, Miss Katherine Wallace, Miss Ada Few, Miss Margaret Ray, Miss Lillian McMahon, Miss Frances Gower and Mrs. B. Flanagan.

Sea Party.
Capt. and Mrs. Randolph Huntington and Miss of West Adams street were

host and hostess yesterday afternoon at a garden tea party, given complimentary to Baron Kronstrand of Sweden, a noted artist, who has just completed portraits of Mrs. Harold B. Wren and her sister, Miss Echo Allen, of this city. About seventy-five guests enjoyed the informal affair.

At Long Beach.
Mr. and Mrs. William H. Kennedy and sons, No. 1024 South Bonnie Bras street, left yesterday for Long Beach, where they will remain until September 1.

Silver Wedding.
In celebration of their silver wedding anniversary, Mr. and Mrs. S. N. Sachs, No. 619 North San Antonio street, entertained about 200 of their friends with a delightful reception Sunday afternoon. Rev. D. Rose, pastor of the Pauli Zedek Synagogue, remarried the couple, a special ceremony having been arranged.

Dinner Dance.
Members of the Bankers' Club entertained their friends with a dinner dance Friday evening at the clubhouse, No. 425 South Hope street. Pink carnations, ferns and palms were profusely used about the rooms. The committee on arrangements was composed of E. M. Leaf, J. E. Shelton, R. B. Murphy, George C. Bradley, Earl K. Couch, Rex de Barr, W. M. Krein, W. J. Dundas, C. H. Merrill and W. G. Mohr.

Auto Trip.
Mr. and Mrs. John Edward Law of Hollywood have returned from a month's automobile tour of the northern part of the State. They visited Japan, Korea, Manchuria, the Philippines, China, Java, Borneo, Burma, Ceylon, Egypt, Africa and Europe, and were present at the Durbar at Delhi.

From Globe.
Mr. and Mrs. Daniel Murphy of Globe, Ariz., are passing the summer at the Burlington. Mr. Murphy is a prominent stock man of Arizona. He expects to build a home in Los Angeles this fall, with the intention of passing most of his time here in the future.

Judge and Mrs. J. W. Hendrick and their son, E. W. Hendrick, who left September 15 last for an extended tour of the world, are in New York, and will arrive home September 1. While away they visited Japan, Korea, Manchuria, the Philippines, China, Java, Borneo, Burma, Ceylon, Egypt, Africa and Europe, and were present at the Durbar at Delhi.

Mr. and Mrs. Willoughby Rodman and Mr. and Mrs. A. C. Edwards are expected home October 1, and Mrs. George Wiley Wells, Mr. and Mrs. S. D. Hopkins, November 10.

BAGGAGEMAN INDICTED.
Grand Jury Paves Way for Extradition of Former Railroad Employee Held at Indianapolis.

After a session continuing the greater part of the day the county grand jury yesterday handed down an indictment against Royden V. Leslie, formerly employed in the baggage room of the Southern Pacific, in order that his extradition might be more easily accomplished at Indianapolis, where he is held.

This will expedite matters, since it will not be necessary to secure affidavits before the papers can be secured. Leslie is charged with the theft of two trunks belonging to J. Friedheim of Chicago, one valued at \$1890, and at \$600 and the other at \$1890.

TOT IS SLAUGHTERED.

(Continued From First Page.)

to Haley, answering an unspoken question in Haley's face, "and we wait to lie down until we can catch an early car into the city." Haley assigned them to a 75-cent room. It was room No. 31, the room that overlooked the gay avenue of Venice, where the man and child had romped for two days.

That did not rise to catch the early car which Greenfield mentioned. At 4 o'clock in the afternoon the chambermaid, passing along the corridor, heard voices within. Before she had tried the door and found it locked. The man and girl were talking, so the chambermaid continued her cleaning rounds without disturbing the occupants of the room.

At 5:45 o'clock, Retta Harrison, the chambermaid, again returned to room No. 31. There was no sound within. She knocked at the door. No answer. Twice she knocked to make certain that the room was unoccupied. Then she opened the door.

HORRIBLE DISCOVERY.
Blood was trickling along the floor, still fresh enough to form a current. She screamed and ran to tell Haley that something had happened in room No. 31.

Haley ran to the room. One blood-covered arm of the girl was protruding from under the door. The body of the covering the little body had been shoved, apparently after life had been drawn from it through a ghastly cut in the throat.

By the location of the chairs and the first signs of blood, Greenfield had been the murderer. A girl at a window, listening to the band concert. The room showed little evidence of a struggle. The girl was too young and too weak. The band concert dragged the body of his victim to the bed, and tucked it beneath the sheets.

No bloody water in the lavatory nor stained towels were found in the room to indicate that the slayer had attempted to wash his hands. The body was taken to the Kirkland undertaking parlors.

Motives for the crime are a matter of mere speculation to the detectives. That it was a perverted nature impelled to a heinous deed is denied by the report of Dr. Byron Palmer, who examined the body of the child.

Mrs. Greenfield, still uninformed of the tragedy, talked last night of the tender affections that existed between Greenfield and his stepdaughter. Mrs. Greenfield had been married before she met Greenfield, but since their wedding, two years ago, Greenfield had become devoted to Vivian, and denied himself all small dissipations, said Mrs. Greenfield, that he might spend more time with the child.

How Greenfield raised the money to finance his pre-tragic carnival is a mystery. Mrs. Greenfield carried the funds to her husband, who had planned that her husband had less than \$1 with him when he left. By the report of the manager of the amusement, it is certain that he spent considerable money in the forty-eight hours that he entertained the child.

So far as known, Greenfield is sane and rational. Mrs. Greenfield said last night that her husband had been kept for a long time, because he knew how she loved the girl, that Charles, her pet name for the child, was probably playing a prank. He was of a roughish nature, she said, greatly enjoying the child's antics, which would cause ludicrous discomfiture to the victims.

The description of Greenfield that has been filed in every police and Sheriff's office in Southern California reads: Age, 35; height, five feet and seven inches tall; weight, 130 pounds; smooth-shaven, light complexion, blonde hair, blue eyes, wearing a dark blue suit with red stripes, black button half shoes and black Derby hat.

LETTERS TO "THE TIMES."
Boyle Heights Library Situation.
LOS ANGELES, Aug. 12.—(To Editor of The Times.) Because of misrepresentation, or misunderstanding by protestants, the petitioners for the assessment district to acquire the powerhouse lot at First and Chicago streets for library purposes, hereby make the following statement of facts to the people of Boyle Heights within such district, regarding the expense of condemnation proceedings and individual assessments, so far as they themselves have been able to ascertain:

On the authority of Col. Schreiber himself, head of the assessment and collection department in the Engineer's office, the condemnation of the lot will not exceed \$500, although it is stated by the opposition that it will be \$5000. The absurdity of the latter sum ought to be evident to any thinking person. A careful estimate of the frontage with the sum to be raised, makes the average assessment for a fifty-foot lot \$6.50, but as the assessments gradually increase, the lot on those nearest will probably be \$15—while those on the boundaries will only be about \$1.

As regards the size of the district, the committee at first outlined one much greater in area, but on suggestions from the City Engineer's office, reduced it to the present limits, with the knowledge that its ultimate determination would rest with the Council anyway. It extends from First and Boyle north to Brooklyn avenue, east to Mott, south to Fourth, west to Sixth, north to Sixth, west to Boyle avenue, north to First, and includes both sides of boundary streets.

The committee working for the powerhouse site for the past fifteen months, have been situated only by what in their judgment was for the best interests of Boyle Heights, and they trust that the intelligence and good will of the community will recognize this, as well as the great advantage of having this fine library in their midst, and not further interpose obstacles to frustrate the success of the movement.

R. H. F. VARIEL,
Chairman of Committee.

SIX MILLION DOLLARS.

(Continued From First Page.)

scutor, and Bradner W. Lee, attorney for the Baldwin estate, together with Charles A. Elder, president of the Los Angeles Investment Company, as representative of that concern. The deal involves 40,000 acres, 500 acres adjoining the College tract having been purchased by the investment company last February for \$1,250,000.

The great holding, which is commonly known as the Cienega ranch, includes, with the piece already purchased by the Los Angeles Investment Company, exactly 3437.91 acres and makes in all of the land south of West Adams street, west from the city limits and extending for three miles along the Santa Monica air line, and almost surrounding Hyde Park and Inglewood. North and South it measures nearly five miles and East and West between six and seven miles. The Hawthorne car over the Redondo line by way of Inglewood, the Grand Avenue car over the Redondo line and the Santa Monica air line all penetrate the property.

Most of the land lies at an elevation of from 20 to 30 feet above the city. Part, lying along the Santa Monica air line, is gently rolling. A great deal of the acreage lies as level as a floor and at the same level as the College tract of the Los Angeles Investment Company, of which a portion of the earlier purchase of the company from the Baldwin estate has already been made a part.

ITS HISTORY.
The ranch was originally a grant made by Manuel Michelobena, Governor of California under the Mexican government, to Vicente Sanchez on May 14, 1843. The title of Sanchez was afterward confirmed by the United States government following the acquisition of California by this country. The actual patent was issued on May 22, 1874, to Tomas A. Sanchez and other descendants of the original grantee, Captain Arthur K. Hutchinson, a retired English army officer, acquired the property a short time after and dwelt on the ranch for a number of years. Baldwin secured title to an undivided half interest in the ranch on Dec. 2, 1875, and full title in 1877.

The late millionaire turkman made his headquarters on the ranch as one of his most valuable holdings and spent a considerable portion of his time upon the property. At the time of his death on March 1, 1899, Baldwin left the residue of his estate, including the Cienega ranch, to his wife, Mrs. Alice Baldwin, McLaughlin and Clara Baldwin Stocker.

In the skillful administration of the unshared affairs of Baldwin, the executor has persistently declined to sell the Cienega ranch until sales of the natural enhancement of value of the property had been made. The property should have assured the wiping away of the debts against the estate. In the past three years Sanchez has made a record which is regarded by financiers in general as phenomenal, having taken advantage of the natural enhancement of value of the property of ground formerly owned by Baldwin to clear away the turkman's obligations, which at one time were considered to be so large and pressing as to leave no hope of a residue for his heirs. The consideration received for the Cienega ranch, together with several millions already realized from the sale of Baldwin's lands since the wiping out of all debts, is deemed money for the heirs.

TO BE SUBDIVIDED.
The officers of the Los Angeles Investment Company yesterday declared their intention of eventually subdividing the whole of the great purchase into approximately 25,000 building lots and of building in all nearly 14,000 homes on the property. The holdings of the company in and adjoining southwest Los Angeles now include 1840 acres in one piece.

When the subdivision of the Cienega ranch shall have been completed the vast tract will, it is claimed, comprise in round figures 34,000 lots, included in 2500 city blocks, and boasting 300 miles of street frontage. Included in the enormous southwest holdings of the company, in addition to the former Baldwin holdings in Inglewood, the St. Vincent's College site of eighty-six acres, recently acquired, a parcel of 100 acres bought from the Keating estate; eighty acres adjoining Hyde Park; 1600 acres formerly known as the Hill tract and extending three or four miles north of Inglewood; the College tract of eighty-six acres; the forty-acre Western Avenue Square tract; the forty-acre Kendall-Berry tract; and the twenty-five acre tract known as Derby Park. The last three named subdivisions are all within the city limits and well developed.

DO NOT FORCE THE CHILD.

Latter Day Saints Preacher Tells Congregation Not to Be Too Strict with the Youngsters.

HERMOSA BEACH, Aug. 13.—William Kelly, a missionary of the Latter Day Saints reorganized church, in an interesting address at the reunion of the church being held in a camp here, today surprised some of his audience when he advocated more freedom for children with regard to attending church services. He argued that children are frequently forced to attend so many services of church and Sunday school that it grows irksome and often recreation or more sunshine and fresh air would be more beneficial to the child.

The combining of recreation with religious services is being made a feature of the two-weeks' convention here and a portion of each day is devoted to ocean bathing and other recreations by those attending.

Elder William Gibson of San Bernardino, a venerable member of the church, 90 years of age, made an interesting address this morning.

The afternoon was devoted to recreation and a service was held this evening. Additional members of the church are arriving each day to attend the reunion, which is proving very profitable to those attending.

David Takes Kick at Goliath.

AGNEW'S HOMER SHATTERS OAKS.

Tigers Take Opener from Sharpe's Warriors.

All Kinds of Things Happen to Heaver Killlay.

Bridegroom Stewart Braces Up After Bad Start.

BY GREY OLIVER.

"How long you going to last, Jack?" I asked Killlay as he returned to the Oakland bench after the first inning, when Vernon made three runs on him.

"Twenty-five," he replied, "and I've got everything but a moustache."

He did have, at that, for he made a wild pitch, soaked two men with the ball, threw a wild pitch and a couple of passes and was touched for nine hits by the Tigers, including a home run by Agnew over the left field fence that won the game for the Vernons.

After the meeting he declared he would have won if he had had some acorn seeds in his pocket, for these things sprout and make a pitcher win, according to Killlay.

JINX NOT INVOLVED.

These things might win a game, if you are strong for the mythology of hunches but I have always thought that seeing a load of hay going to a game was something that made real mills and not the city dairy kind and served more to build up the babes and sucklings than to win ball games.

Acorn "seeds" whatever such are, may make a pitcher win, but I have to be shown. I think they make trees.

A cross-eyed man who meets a pitcher on the way out to the grounds may be a jinx, and walking under a ladder without having your fingers crossed may beat even Walter Johnson, but this time it was none of these.

Just a home run over the left fence after both teams had quit making another kind of runs.

SOME SADNESS.

This game was sort of sad one, in a way. About 4000 fans sat two hours on hard seats and watched it, but the joys and sorrows of the previous week were lacking.

Everyone felt just like the girl does after she has seen a mouse. Tired.

FLYING ANGELS LAND HARD ON HEAVING TRIO.

Suter, Gregg and Koesterer All Look Alike to the Team of the Hour, Which, Though Outbatted, Makes Its Swat Count—Nagle Is Replaced by Leverenz at Critical Moment and "Lefty" Saves Ship.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.) Aug. 13.—(Exclusive Dispatch.) Three pitchers were used by McCredie this afternoon, but nothing could stop the Los Angeles comers, who, although out-hit, won the first game of the series, 9 to 6.

Southpaw Suter, "Dave" Gregg and Elmer Koesterer, who pitched the first two games, were charged with the defeat due to an explosion in the seventh inning with the score a tie. Suter had a hand in the upset. His wildness in the third enabled the Angels to overcome a two-run lead. There was enough hitting on both sides.

"Hen" Berry's Mien—

"I am satisfied, boys," when he heard that the Angels had taken the opening game from Portland.

Los Angeles introduced Core to local fans and it was his terrific hitting that turned the tide of battle. Two doubles, a single and two sacrifices tell the story, the second two-bagger being inserted in the seventh inning, driving in the two runs that broke up the 5-to-3 tie.

McCredie fought hard for the game, Markness and Higginbotham being the only men on the bench when he finished his substitutions, but a three-run rally in the eighth inning, culminating in Nagle's retirement, proved the Beaver's capacity.

In this stanza "Mac" sent Fisher to the bat for Gregg with three men on the base. Dillon thereupon substituted Southpaw Leverenz against

LITTLE JOHNNY AND BIG BILL FIGURE IN DRAMATIC INCIDENT

JOHNNY KANE, center fielder idol of the Coast League, kicking with his spikes at the face of First Baseman Tiedemann of the Oakland team as both were half-recumbent on the ground at first base in yesterday's game at Washington Park, was the big feature of the first contest that will doubtless have its effect on the pennant winner of the league, whichever team it may be.

Peace making ball players rushed between the two players as both rose to their feet and prevented any clash they might have mixed in, while the big crowd of 4000 fans booed its disapproval of Tiedemann's tactics in trying to crush Kane off first base.

In the fourth inning with two men out, Kane was hit by a pitched ball and reached first. A moment later he was caught off the bag by a quick throw from Pitcher Killlay and after being chased back and forth between the bases several times, slid back to first base, feet first. As he did so, Tiedemann fell over on him and pushed him several feet away from first base.

While he was doing this Kane told Tiedemann to get off him, but instead of replying Tiedemann was yelling to Umpire Casey to come and see that Kane was not touching the base.

Casey walked hurriedly over to first base and at his command, Tiedemann struggled to his feet, getting up backward. As he did so, Kane still on the ground on his back, kicked at Tiedemann's face.

A moment later Kane got to his feet and then the players got between them.

The next time Kane returned to the Vernon bench from the outfield, Hap Hogan at the first-base coaching line, spread out his wings like a dove of peace and tried to bring the giant and the pigmy together to kiss and make up, but he did not succeed.

What might have happened if several of the players had not stepped between the two men, can only be guessed at. After getting to his feet Kane seemed to bristle like a little bantam rooster at Tiedemann, twice his size, but the players stood between them.

As the players were melting away, half the crowd let out a terrific boo and Tiedemann whirled under the attack from behind. A moment later the speedy Kane was on his way to second base on Bayless' hit to center, while Tiedemann stood his ground at first, bending slightly under the pelting storm of derision, which rained down on Tiedemann every time he went to first base or to the plate to bat.

No one will ever forget the incident, for it magnified itself, owing to the friction aroused between the teams on account of the Hogan-Leard incident up north several weeks ago.

The pigmy's kick at the face of the giant was the most dramatic incident of any ball game in this city for several years.

FIVE HEATS TO PICK WINNER.

Exciting Opening to Races at Fort Erie Track.

Baden's Great Spurt Feature of Thrilling Event.

Favorites Capture Three Fast Contests.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BUFFALO (N. Y.) Aug. 13.—The first day's racing of the Grand Circuit stars at the Ft. Erie (Ont.) track was ushered in with a banner attendance. Four stirring races were witnessed, three going to favorites. The track was fast, and one horse made a new mark.

The feature of the afternoon was the King George V, stakes, \$5000, for 2:12 trotters. It resulted in an upset. Five heats were trotted to get a winner. Esther W. won the first heat handily in 2:05 1/2. Baden finished fifth after going to a bad break at the start. In the second heat, Esther W. took the lead. Baden's nose was at Cor's wheel at the half. In a beautiful drive down the stretch Rodney closed the gap, and Esther W. broke close to the wire. The time for the mile was 2:03 1/2, a second faster than the stallion's mark.

Baden won the third heat easily when Esther W. broke at the eighth pole. In the fourth heat Baden stepped on a stone at the distance flag and lost the heat to Oakdale. The final heat went to Baden, but a claim of foul was registered with the judges by Snow, driving Oakdale. He claimed he was shut off by Rodney after the start, forcing the gray gelding to a break. The foul was not allowed, although the judges held their decision for thirty minutes.

ARCHERS AT HARVARD.

CAMBRIDGE (Mass.) Aug. 13.—[By A. P. Night Wire.] Archers from all over the country assembled here for the opening of the four-day national championship tournament of the National Archery Association of the United States in Harvard Stadium.

H. S. Tyler and Mrs. Wm. Tyler of Chicago, and Dr. R. F. Elmer of Wayne, Pa., the present champions, will defend their title.

CHIFFLES IMPROVING.

Hap Hogan's cripples are doing nicely and all of them will probably be ready to play ball again next week. Both Brown and Patterson will be in shape next week and Baum expects to work any day now. All the other Hogan men are on the job and, barring the fatigue of the past strenuous week, are in good shape.

CUBS WIN AGAIN AND CRAWL UP ON GIANTS.

Chance's Men Take Fourth Straight Game from Boston—Robinson, the Stalwart Pirate, Makes Dodgers Look Silly—Phillies Have Swatting Bee but Can't Get Enough Tallies to Overcome Reds' Lead.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

BOSTON, Aug. 13.—(Special Dispatch.) Making it four straight on the series, the Cubs took the final game from Boston this afternoon by the score of 4 to 2, gaining half a game on the Giants. They are within six games of the leaders.

Reulbach did good work, being steadier than in the past. Although he issued several bases on balls, he managed to pull through, especially in the first inning, when the bases were full and none out. Boston scored only one.

The Cubs beat this in the next, scoring two, and made two more in the sixth when Schulte got a home run. Zimmerman a double and Leach a triple.

Boston scored one more in the eighth. Score:

PRESIDENT TAFT SEES THE SENATORS TROUNCED.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

WASHINGTON BUREAU OF THE TIMES, Aug. 13.—(Special Dispatch.) President Taft saw his favorite, the locals, come to grief in the first game of the Sox series today.

The visitors knocked Hughes out of the box and scored four runs on three singles, a double and a sacrifice after Hughes and Peters had been hitting a fast clip for four rounds.

The Sox got another in the sixth on a pass and a single. Score:

all these details?" smiled Miss Leslie.
And all at once we realized we were
very humorous to her, the artist and
I, as we sat in a terrible little row
before her. It was uncomfortable,
being the size instead of the size.
Supposing, we thought anxiously, she
should write an interview wrong-side-
out—her own side of her first Amer-
ican interview! So we hastily
changed the subject.

"When I arrived on the train," she
said, in her liquidly flowing, soft-
toned accent, "I said to the guard:
Oh, pray don't let them put off my
house here! I'm sure this isn't a
proper station! Your station is so
small, y' know. And you know—"
she peered at me sweetly—"when I
saw all those little poster placards
("Coster!" I laughed with sheer joy
at the word) "on the way to the
hotel, I was terribly disappointed, for
I didn't see a single poster!"

"Palm! I couldn't help thinking of
"Dutch's Place," the tamale joints
and the hot asphaltum which con-
stitute the scenery on East Fifth
street, where the only thing that's the
color of the palm is the green baize
on the Japanese pool tables.

"Well, of course we don't always
lead a picture post card existence," I
admitted. "But have you seen Beverly
Hills?" Beverly always does
win the English, some how, sup-
pose it reminds them of something
English, which would be a sufficient
reason.

IS A SUFFRAGIST.
Yes, Miss Leslie is a suffragist. She
says she was at a party not long ago
in London where all the women—
beautifully gowned, dainty, high-bred
—were asking each other how long
they had been in Holloway! "Oh,
but please make me a very gentle one,
won't you?" she pleaded.

Miss Leslie will create the part of
"Anthea Devine" in "The Money
Moon," with Richard Bennett as the
hero, in a fortnight or so.

Which leads one to reflect that we
are again to be the canine, but this
time will certainly be quite gallantly
named to sit up and beg and jump
through.

"We were at the Burbank last
night," said Miss Leslie, "and I was
surprised at the applause. Why, we
have nothing like it in England. It
must be very nice. I hope I shall—
and paused and blushed charmingly.
"Oh, you're certain to!" we as-
sured her quickly.

And then she said good-by to her
first American interviewer, with just
a trace of graceful awkwardness,
like the charming English girl she
is, and which made us love her!

Motorboat "Kitty Hawk" Sinks
Few Minutes After Scoring Carni-
val Record of Five Miles in Eight
Minutes—Driver and Mechanician
Rescued.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CHICAGO, Aug. 12.—By the narrow
margin of nine seconds, the Canadian
sloop Patricia won today the third
race of the international contest for
the championship of the Great Lakes
from the American yacht Michigan.

The official elapsed time for the win-
ner was 2:22:05 for eighteen miles.
The Patricia's victory put the Can-
adian boat in the lead with two vic-
tories to her credit. There will be
five heats.

Great excitement was caused in the
first race today when the motorboat
"Kitty Hawk," owned by H. H. Tim-
ken of Detroit, sank. Her occupants,
Freeman Monroe, driver, and Fred
Joseph, mechanic, were rescued.

A few minutes before the accident
she had set a record for the carnival

by negotiating five miles in eight
minutes.
Only one motorboat race was an-
nounced today, the Chicago, owned by
E. J. Richards of Chicago, winning the
21-foot event of fifteen miles in 24:15.
Monroe said tonight his boat caught
fire, due probably to some of the igni-
tion wires becoming short circuited.
The entire bow was in flames when he
first noticed the fire, Monroe said. He
warned his mechanic and they both
jumped.

**GOOD PROGRESS
IN TEST MATCH.**

The South Africans have all been
disposed of for the fine total of 229
runs in their first venture. Australia
was dismissed for 219 runs.
The match is being played at Nottingham
for the cricket championship of the
world.

For the Australians, Hardley
scored 15 runs, Kellaway 37, McCart-
ney 24, Minnett 21. White of South
Africa made 59 runs not out.

The Philadelphia Cricket Club,
which is now touring England, ad-
ministered a crushing defeat to the
Royal Artillery at Woolwich yester-
day. The army men were all dis-
missed for 29 and 105 runs. Phila-
delphia scored 119 and 35 for two
wickets. Conyers took 15 wickets for
51 runs and made 62 runs.

Following up their victory over the
Royal Artillery, the Philadelphians
defeated Reigate Priory by 54 runs.
The home team scored 78 runs to 133
runs hit up by the Quakers. Conyers
dismissed eight of his opponents for
only 31 runs and made top score with
52.

What county authorities believe to be one of the most successful swindlers attempted recently in Los Angeles was unmasked yesterday by the arrest in San Francisco of C. F. Carlson, at the instance of Chief Detective Brown of the District Attorney's office. Carlson is charged with obtaining \$5000 under false pretenses by selling to A. E. Krier the Southern California Souvenir Company, a business in novels located at No. 1418 South Main street. Constable Hayes left last night for San Francisco to bring Carlson here for trial.

Krier got track of Carlson through an advertisement in a Los Angeles paper, for a partner having \$5000 to invest in a project guaranteed to bring quick and large returns. Carlson told Krier, according to information received by Deputy District Attorney Graham, that he had owned the business for twelve years, and produced check stubs showing that the net profits for the first six months of this year had exceeded \$1400.

In reality, the officers allege, Carlson owned the business but six weeks, and it was not a financial success. The deal was made, Krier turned over the money, and then Carlson attempted to overdraw the bank in his name trip to San Francisco. Later he advised Krier from there to meet the payoff for the unpaid month of August, and at this Krier became suspicious.

A civil action has been filed to tie up \$2400 Carlson is alleged to have deposited in a Los Angeles bank in his wife's name. According to information received by Graham, Carlson attempted to overdraw the bank in his name trip to San Francisco. Later he advised Krier from there to meet the payoff for the unpaid month of August, and at this Krier became suspicious.

Hasayampans Sound Praises of Land of Plenty.

They Are Barbecued and Now They Are to Swim.

Fertile San Fernando Valley Scene of Feast.

The sombrero of Arizona was doffed yesterday, actually and literally, by 200 members of the Hasayampans Club, who partook of the good things of Southern California as guests at a barbecue given in their honor at the Van Nuys ranch, between Van Nuys and Oxnard.

Before the brontosaurus and comely women of the land of the sun sat down to an alfresco Spanish barbecue, they were shown something of the wonderful growth of the valley, Van Nuys, and of the prosperity that nestles in the fertile fields of the San Fernando Valley.

The Hasayampans had been feasted on roasted lamb and other kinds of meats and had partaken of the succulent corn and vegetables for which Southern California is noted, they declared to a reporter that this fair region is a principality to make any guest envious and that Ross Whitely, who was the real host of the happy occasion, had entertained them in a manner that will never be forgotten by any of the party.

No effort was made to carry out the program until the last man had been appeased. An earnest endeavor was made to turn the Hasayampans toward soft drinks, but whatever the result may have been, the visitors were easily persuaded to eat.

The affair was the opening wedge of a three-day round-up for the improvement of the Hasayampa River water, and the members made an excellent start.

BIG MEN AT PLAY. Many of the big men who have wrestled fortunes from the soil—bankers, cattlemen and men who hold high public office, put the big ban on dignity and made merry all the day.

In the happy gathering were several "reformed" Arizonans who renewed old friendships and talked of days gone by in the former Territory. There are nearly 2000 former citizens of Arizona making their home in this city.

The excursionists left the Hill-street station of the Pacific Electric for a special car at 3 o'clock. Arriving at Van Nuys, the Hasayampans were met by a fleet of automobiles in which they were driven to Oxnard and over much of that section of the San Fernando Valley which is just being developed. The final destination was the Patton Ranch, where the big show was staged.

After the party had been "mugged" by several newspaper photographers, President O. W. Roberts of the Hasayampa Club, called the assembly to order and introduced G. W. Burton, the well-known newspaper man and traveler, who welcomed the visitors on behalf of Ross Whitely, the stirring young host. Burton said the San Fernando Valley had capitulated to the banded knee to the Hasayampans and told them to make themselves at home on the playground of 45,000 acres.

Eugene Brady O'Neill, a silver-tongued orator of the Sunset State and recent candidate for the United States Senate on the Democratic ticket was called for a response.

WORLD'S PLAYGROUND. He said he knows of no better place in the world for making money than Arizona and of no better place for spending it than Los Angeles. He said Arizonaans turn to Los Angeles for capital with which to develop their country and it is a pleasure to pay interest on these investments by passing their summers in this garden spot of the universe. O'Neill made an eloquent address and spoke touchingly of the brotherly feeling between Arizona and Southern California and also of the boundless resources of his state.

Brief addresses were made by W. T. Webb of Lima, president of the Webb-Merrill Commercial Company and former speaker of the Arizona Legislature; J. H. Westover, editor of the Tucson Sun; H. J. Whitley, general manager of the Suburban Homes Company; and his son, Ross Whitely.

After the feast of reason the guests enjoyed a flow of good things to eat. The tables were situated under big pepper trees near the oak-encrusted hills and canyons of the beautiful valley. The barbecue was prepared by Joe Romero.

After the feast the Hasayampans were driven back to Van Nuys where they boarded the special cars for this city, arriving shortly after 8 o'clock. There is no set program for the day, but in the evening the visitors

will make up a theater party at the Orpheum. Or the Pomona of the three-day round-up will come tomorrow when the Arizonans will hold a basket picnic at Venice. All of the attractions of the beach resort will be thrown open to the visitors and the greatest crowd of the week is expected. Former Arizonans residing in Southern California are cordially invited to attend.

POMONA WELD ADVERTISED.

Board of Trade Holds Meeting and Discusses Work Done by the Orange Belt Boosters.

POMONA, Aug. 13.—There was a good attendance at the monthly meeting of the Board of Trade last evening. A report submitted by F. W. Balfour and read by Secretary Truitt told of the work done by the Orange Belt Boosters of the Elks at the recent convention of the order held at Portland, Or. Pomona was well advertised with literature and the visitors were given souvenirs of small bags of nuts, oranges and lemons and were served with lemonade and orangeade.

R. C. Bickaway told of a meeting he and Mr. Wilson attended in Los Angeles when the question of rates to be established on the electric road between here and Los Angeles was discussed. The Pacific Electric proposed to establish a forty-minute car schedule between here and Los Angeles and "others" will make the run to Los Angeles in an hour and fifteen minutes at certain times during the day. This will greatly accommodate the traveling public.

It was stated that the Pacific Electric will do everything possible to advertise and help Pomona. The Tilton trolley will be run here and Ganesha Park will be especially advertised for excursions and special trips over the line from Los Angeles and way stations. It was reported that the route of the Phoenix road schedule between here and Los Angeles will make this year through Pomona and Ontario and that 1500 is the amount apportioned for each of the cities to raise for the event.

NEWS BRIEFS. The newly-enlarged cold storage plant at the Pomona Valley Ice Company's works on First and Reservoir streets, is proving a great convenience to citrus and green fruit and vegetable growers as a capacity of sixty carloads of commodities. Each of the ten cold storage rooms is arranged to hold six carloads. The company is prepared to store meat and poultry products as well as fruits.

The newly-appointed committees of the local Board of Trade are as follows: Publicity, W. R. Hafford, A. T. Richardson, Edward Parker and Frank Vaughn; Good Roads, C. P. Curran, J. Albert Dolan, F. C. Nichols and C. E. Greaser; Finance, J. L. Tyler, J. C. Curran, F. W. Ritter and L. C. Clark; Entertainment, A. E. Tate, G. L. Travis and W. C. Clapp; Manufacture, F. E. Graham, P. P. Firey, J. K. Wright and F. R. Willey; Railroads and Waterways, E. C. Bickaway, W. H. Poston, A. B. Avis and F. J. Smith.

OLD TIMES RETOLD. The entertainment tomorrow evening will be given by Otis colored camp of Veterans of the Spanish War. It is expected that it will be one of the best of the entertainment.

BOYS OF '61 MEET AROUND CAMP FIRE. WITH the flag for which they fought flying from hundreds of homes and from tents and flagpoles at the Tent City, the twenty-fifth annual encampment of the Southern California Veterans Association opened yesterday at Huntington Beach with nearly 1000 veterans and members of their Women's Relief Corps encamped.

The firing of the morning gun at sunrise awakened men and women whose increasing years give evidence that this may be the last of these annual outings, so eagerly anticipated as occasions when old comrades meet again and tell over the stories of the great struggle of fifty years ago. Many of those seen here last year have since joined thousands of their comrades who on tested field and on blood-drenched battle grounds braved death only to yield to its call at last.

TEN-DAY ENCAMPMENT. Commander Jason J. Shepard of Pasadena this year presides over the encampment, and his adjutant, R. W. Hoffelinger of Los Angeles and Quartermaster A. B. Paul of Santa Ana assist in caring for the needs of the campers. W. E. Herendeen of Los Angeles, master of entertainment, will see that the veterans and their womenfolk are amused during the ten days' outing. Each evening some post and corps will give an entertainment in the Auditorium at the Tent City grounds, the first this evening, being supplied by the Grand Army organization of Huntington Beach.

Not the least of the amusements enjoyed by the veterans is the dance which nightly, and sometimes in the afternoon, is held on a platform built for the purpose at the camp grounds. Men and women who are near the three-score-and-ten mark may be seen enjoying the old-time dances which served to give pleasure to their boyhood and girlhood.

At 2 o'clock every afternoon the "camp fire" will be held and the veterans who have new, or even old, stories to tell of their exploits in the Civil War, will occupy the limelight. Next Saturday morning there will be the best dinner, dear to the heart of every old soldier, when Mrs. Mary Dunning of Los Angeles, known far and wide in Southern California Grand Army circles as "Our Mary," will preside and luscious dishes of baked beans, pies and cakes, served in true army style in wooden dishes, or in no dishes at all, will regale the hungry soldiers. It is the event of every encampment and preparations for it actually occupy the women of the relief corps for many months before, during which time pennies and nickels are gathered by them to buy the ingredients of the dinner.

The formal flag-raising will occur this morning so that tardy arrivals will have an opportunity to be present when the folds of Old Glory are unfurled with becoming ceremonies. Capt. A. E. Thomas of Huntington Beach was named by Commander Shepard yesterday as officer of the day. The first dress parade was held in the afternoon.

FIRST ENTERTAINMENT. The entertainment in the Auditorium last night was given by Huntington Beach post and corps and was thoroughly enjoyed by an immense audience, which filled every part of the relief corps for many months before, during which time pennies and nickels are gathered by them to buy the ingredients of the dinner.
